

## Get Psyched!

### A New Smiling Face

The guys down at Steamboat's recently added a new member to their wolf pack, Chris McCarty. Chris has been a part time instructor at Steamboat since 2008. He recently resigned from his previous position at Knecht to pursue his passion of sharing the world of Scuba. Chris said, "I have always dreamed of blowing bubbles for a living. It's almost surreal to be blessed with opportunity of making it happen here at Steamboats".

### It's About that Time

Spearfishing season is coming up fast. There are a few things that you should be doing in preparation for that big day. Make sure you check your spear gun is full of air and holds air. If not, bring it down here to Steamboat's and have one of our technicians fix it up for you. Also, a few rules and regulations have changed since last season. One major change is the daily limit for walleye on Lake Oahe. You can now shoot eight walleyes total, four of the fish have to be under 15", four above 15" and only one of those can be over 20". The possession limit is now 24 fish per person. Another rule change is that you can now shoot catfish between the Highway 83/34 bridge and the dam.

### 2013 Tournament

This year's tournament is going to take place at the Oahe Marina on August 16<sup>th</sup>, 17<sup>th</sup>, and 18<sup>th</sup>. There are a few changes with the tournament this year that are worth knowing; you will be able to shoot game fish in the tailrace and all Lake Sharpe! The tailrace is only going to be open for these two days during the tournament so make sure you sign up. You have to sign up before June 1<sup>st</sup> to get your free T-shirt and save \$25! The price after June 1<sup>st</sup> is \$100 per two man team. The categories this year are largest rough fish, largest game fish, heaviest stringer (combined weight), and 2013 Grand Champion Award (based on point system).
